About the Conference

The 5th edition of the Spinoff Conference 2026 will gather over 400 speakers, guests, and ecosystem leaders, alongside 20+ breakthrough spinoff teams, creating one of Europe's most vibrant arenas for deep-tech innovation. The event brings together researchers, entrepreneurs, investors, corporates, clusters, and policymakers, forming a powerful engine for transforming scientific discoveries into scalable ventures.

As a central platform in the European innovation landscape, the conference drives progress across **health and biotechnology, artificial intelligence, microelectronics, cybersecurity, and clean technology**, supporting cross-sector collaboration and accelerating the adoption of next-generation technologies.

With a bold vision for the future, the Spinoff Initiative is committed to enabling the **creation and growth of 500+ new spinoffs by 2030,** strengthening Europe's competitiveness and shaping the future of science-based entrepreneurship.

The Spinoff EUROPA 2026 conference addresses **spinoff founders, researchers, investors, academia, policymakers, industry leaders, clusters, European Digital Innovation Hubs (EDIHs), public scientific and research infrastructures, and innovation ecosystem** actors engaged in scaling deep-tech solutions across Europe.

What to Expect

Insights, Networking & Interactive Sessions

- **Main Conference —** Inspirational talks, discussions, panel sessions
- **B2B Matchmaking & Horizon Europe Partnerships —** Meet potential partners, consortia, and funding experts
- **Workshops —** Hands-on sessions on funding, IP, scaling, and technology transfer
- **Fire Talks —** Short, high-impact sessions with leading voices in deep tech
- **Triple AI Zone —** Engage in intuitive AI prompt learning, experiment with AI-generated content, and explore real-world AI applications
- **CyberTech Zone —** Provided by EDIH Trakia
- **Spinoff Showcases —** Live demonstrations of cutting-edge biotech, AI, and digital health solutions

- **Women in Deep Tech —** Powered by Women in AI
- **Spinoff of the Year Award Ceremony —** Recognition of outstanding spinoff achievements and impact
- **Round Table Discussions —** Closed-door, strategic dialogue between regulators, industry, and innovators

Main Conference Programme

Day 1 · Thursday, 11 June 2026

Time	Session
09:00 – 09:30	**Registration & Morning Coffee**
09:30 – 09:35	**Opening Remarks** Founders of the Initiative
09:35 – 10:00	**Official Guest Speaker** Senior Government Stakeholders • Ministry of Education and Science *(TBC)* • Maria Alexandrova, PhD — *CEO, Sofia Investment Agency*
10:00 – 10:40	**Ceremony: PRECISEU Best Practice Recognition** Recognition of outstanding contributions within the PRECISEU initiative, celebrating excellence in innovation, collaboration, and impact.
10:40 – 11:20	**Panel 1: Building Europe's Innovation Valley for Personalised Medicine** *Powered by: PRECISEU (preciseu.eu)* Discussion on how connected regional innovation ecosystems can accelerate the transition to personalised healthcare by enabling the transfer of best practices and the scale-up of deep-tech healthcare innovations, including ATMPs and health data-driven solutions, across Europe.
11:20 – 11:40	**Fireside Chat: The EU Biotech Act and Europe's Competitiveness in Biotechnology** *Powered by: EuropaBio (europabio.org) (TBC)* Insights into the EU Biotech Act and its role in strengthening Europe's competitiveness, innovation capacity, and industrial leadership in biotechnology.
11:40 – 12:20	**Panel 2: From Strategy to Deployment — European Health Data Space Initiatives** *Powered by: VELES project (veleshub.eu), hosted by GATE Institute* Exploring how EHDS-related initiatives move from policy and strategy to real-world deployment, with a focus on regional smart health data spaces and ecosystem-driven innovation in South-East Europe.
12:20 – 12:40	**Keynote: The European Medicines Agency (EMA)**

Time	Session
	The role of the EMA in supporting innovation, regulatory science, and patient access within Europe's evolving health and data landscape.
12:40 – 13:00	**Fireside Chat: Advancing Personalised Medicine in Türkiye — Bridging Research, Data, and Clinical Practice** **M. Betül Yerer Aycan**, Türkiye Sağlık Enstitüleri Başkanlığı (TÜSEB) The session will also address opportunities for international collaboration, particularly with European partners, and reflect on the challenges and enablers for translating scientific advancements into real-world healthcare impact. Through an interactive and reflective dialogue, Prof. Yerer Aycan will share insights on bridging gaps across disciplines and sectors to support more precise, patient-centred care.
13:00 – 14:00	**Lunch & Networking**
14:00 – 14:30	**Panel Discussion: Changing the Rhythm of Heart Health — Innovation for Cardiovascular Prevention** This panel will explore how innovation, data, and interdisciplinary collaboration can transform cardiovascular disease prevention. Bringing together experts from medicine, research, and the innovation ecosystem, the discussion will focus on new approaches — from exposomics and personalised medicine to digital health and policy frameworks — aimed at shifting from reactive care to proactive, prevention-driven health systems.
14:30 – 14:50	**Fireside Chat: Project HEART — From National Study to Personalised Support** **Maria Aleksandrova**, Founder of Project HEART The first initiative to systematically identify and address the unmet needs of breast cancer patients. Conducted as a national study in partnership with the Bulgarian Breast Cancer Society, the project goes beyond data collection by transforming insights into personalised support and enabling timely access to psychotherapeutic care.
14:50 – 15:10	**Fireside Chat: ECHoS — Cancer Mission Hubs in Europe** **Ivaylo Petrov, PharmD**, Board Member, Bulgarian Joint Cancer Network (BJCN) An overview of the ECHoS initiative and its role in establishing Cancer Mission Hubs across Europe, supporting the implementation of the EU Cancer Mission through coordination, knowledge exchange, and integration of national and regional ecosystems.
15:10 – 15:30	**Fireside Chat: Rethinking Obesity and Metabolic Health — From Treatment to Prevention** *Powered by: Danish-Bulgarian Chamber of Commerce & Novo Nordisk (TBC)* A forward-looking discussion on obesity as a chronic disease and a key public health challenge, exploring innovations in treatment, prevention strategies, and the broader impact on healthcare systems, society, and the economy.
15:30 – 15:50	**Keynote: Open Opportunities within the EIT Ecosystem**

Time	Session
	Ina Stoyanova, EIT Community Officer An overview of current open calls, funding instruments, and collaboration opportunities within the European Institute of Innovation and Technology (EIT) ecosystem. Participants interested in specific programmes will have the opportunity to connect directly with the EIT team at the dedicated information stand.
15:50 – 16:50	**Panel 4: Funding the Future — Investor Insights into Spinoff Opportunities** Investor perspectives on funding, scaling, and de-risking spinoffs, with a focus on emerging technologies and high-impact ventures. *Moderator:* **Pavel Lisev** *Speakers:* Henk Joos (Silver Arrow) · Anton Todorov (National Innovation Fund, TBC) · Jan Debets (META GROUP) · Sven De Cleyn (imec.istart) · Ivaylo Ivanov (Founder Institute CEE) · Yordan Zdravkov (CleanTech Bulgaria / TEA)
16:50 – 17:20	**Best Student-Led Spinoff** Recognition of excellence and entrepreneurial potential among student-driven spinoff initiatives.
17:20 – 18:00	**Pitching: HTIS26 — SEE Champions in MedTech** *Powered by: The HealthTech Investor Summit (healthtechinvestorsummit.com)* Showcasing leading MedTech spinoffs and startups from South-East Europe. Format: 5-min pitch + 5-min Q&A with an international jury of investors and industry experts.
18:00 – 18:30	**Pitching: Champions of Clean Technology, Agriculture, AI, Microelectronics, Cybersecurity** Cross-sector pitching session highlighting Europe's innovation capacity across strategic technology domains. Format: 5-min pitch + 5-min Q&A.
18:30 – 19:00	**Spinoff of the Year Awards Ceremony** Celebrating outstanding spinoff achievements and impact across Europe.
19:00 – 22:00	**Spinoff Party & Networking**

Day 2 · Friday, 12 June 2026

Time	Session
09:00 – 09:30	**Registration & Morning Coffee**
09:30 – 09:45	**Opening Remarks** Founders of the Initiative
09:45 – 10:00	**Official Guest Speaker** Senior Government Stakeholders

Time	Session
	• Ministry of Innovation and Digital Transformation *(TBC)* • Aleksey Andreev, *Ambassador at Large for AI and Digital Diplomacy, Ministry of Foreign Affairs of the Republic of Bulgaria* • Darinka Georgieva, *Executive Director, UN Global Compact Network Bulgaria* • Prof. DSc Eng. Georgi Todorov, *Dean of the Faculty of Industrial Technologies, Technical University of Sofia*
10:00 – 11:00	**Panel 1: Advancing Europe's Technological Independence in Microelectronics** *Organised by: C3BG — Chips Competence Centre Bulgaria* Discussion on strengthening Europe's leadership in microelectronics, strategic autonomy, and industrial resilience. *Moderator:* **Assoc. Prof. Dimitar Nikolov, PhD** — Technical University of Sofia, Head of MINOLab (Micro Nano Laboratory), Coordinator of C3BG
11:00 – 11:20	**Keynote: Centre of Excellence "Mechatronics and Clean Technologies"**
11:20 – 11:40	**Keynote: Advancing Global Perspectives in Innovation and Research** **Daniela Alvarado Placencia**, Pontificia Universidad Católica de Chile Insights into international approaches to innovation, research collaboration, and the role of global academic ecosystems in shaping the future of science-based entrepreneurship.
11:40 – 12:00	**Fireside Chat: Strengthening Europe's Cybersecurity Ecosystem** **Steve Faulkner**, Chief Executive Officer, NED & Cyber Security Evangelist A discussion on Europe's cybersecurity landscape, focusing on resilience, cross-border collaboration, and the role of industry and innovation ecosystems in addressing emerging digital threats.
12:00 – 12:40	**Panel 2: Cybersecurity in Europe — From Strategy to Implementation** *Powered by: Cyber4All* Strengthening Europe's cybersecurity ecosystem with a focus on practical implementation, SME support, digital resilience, and the role of innovation hubs and collaborative frameworks in addressing emerging cyber threats. *Moderator:* **Dr. Hristian Daskalov** — Security Compliance Director, Evrotrust *Speakers:* Jasen Tanev (Country Manager, Zucchetti Bulgaria) · Aleksey Andreev (MFA Bulgaria) · Steve Faulkner (NED)
12:40 – 13:00	**Keynote: Enabling Dual-Use Innovation Through Advanced Aluminium Solutions** *Powered by: Alcomet (TBC)*
13:00 – 13:20	**Keynote: Mechatronics and Clean Technology — Driving Europe's Industrial Transformation** *Powered by: Carbonsafe (TBC)*

Time	Session
13:20 – 14:20	**Lunch & Networking**
14:20 – 14:40	**Fireside Chat: EU AI Factories — Scaling AI Innovation and Infrastructure** **Kiril Kirilov**, BRAIN++ AI Factory Exploring the role of EU AI Factories in strengthening Europe's AI capabilities, supporting large-scale infrastructure, and enabling innovation across industry, research, and the public sector.
14:40 – 15:00	**Keynote: Global Market Access for EU Deep-Tech Companies — Scaling Beyond Europe Through Strategic Innovation Partnerships** **Leena Pishe Thomas**, Director, Global Business Inroads (GBI) — EU, India, USA, UK
15:00 – 16:00	**Panel: Women in Deep Tech — Driving Innovation and Leadership in Europe** A discussion highlighting the role of women in advancing deep-tech innovation, addressing challenges in access to funding, leadership, and visibility, and showcasing best practices for building inclusive and high-impact innovation ecosystems. *Moderator:* **Paulina (Polly) Chotrova** — Founding President, Women in Deep Tech *Speakers:* M. Betül Yerer Aycan (TÜSEB) · Darinka Georgieva (UN Global Compact Bulgaria) · Neli Paeva (Founder, Healthix Ltd.) · Leena Pishe Thomas (GBI)
16:00 – 16:10	**Closing Remarks**

PRECISEU PM School 2026

5 – 9 June 2026 · Sofia, Bulgaria · Hybrid format

A 5-day advanced hybrid training programme in Personalised Medicine (PM), organised by the PRECISEU European initiative in partnership with 26 partner organisations across Europe. PM School is the capacity-building pillar of PRECISEU — empowering the next generation of health innovation experts through deep expert knowledge, hands-on workshops, and pan-European networking.

Target audience: Researchers and PhD candidates, clinicians, innovation managers, policymakers, and health ecosystem stakeholders.

Featured speakers include: EMA (Sebastian Asprella & Hélène Casaert), BSC (Davide Cirillo), EATRIS (David Morrow), University of Bologna (Marco Viceconti), Merck (Antoine Heron, Najd Badri), EIT Health, AstraZeneca, BRAIN++ AI Factory, and many more.

5 June 2026 — Opening · EHDS · FAIR / RDM · AI · Project Cases

Time (CET)	Speaker / Organisation	Topic	Format
14:00 – 14:20	**PRECISEU coordination**	Opening, welcome, PRECISEU PM School overview and objectives.	*Live*
14:20 – 15:00	**Dierks & Company — Christian Dierks**	EHDS and new legislation — legal and policy framing.	*Online*
15:00 – 16:00	**Victòria Valls (AQuAS) · Laura Escot (Vall d'Hebron Hospital, Barcelona) · Davide Cirillo (Head, Machine Learning for Biomedical Research Unit, BSC)**	Virtual twins and their use in personalised care pathways — joint session covering AQuAS innovation adoption support, Vall d'Hebron's hospital-level deployment, and BSC's ML perspective on the virtual twins lifecycle.	*Online*
16:00 – 16:20	**All**	Short break.	—
16:20 – 16:50	**Laura Portell (TBC)**	Interoperability framework and FAIR data for PM.	*Online*
16:50 – 17:20	**Aída Moure**	Data Management Plans and good RDM practices in PM projects.	*Online*
17:20 – 17:50	**Tomás Muñoz**	ELSI guideline developed within PRECISEU WP3.	*Online*
17:50 – 18:00	**PRECISEU coordination**	Daily wrap-up.	*Live*

6 June 2026 — ATMP · EMA Instruments · EU Biotech Act

Time (CET)	Speaker / Organisation	Topic	Format
13:30 – 13:40	**PRECISEU coordination**	Welcome.	*Live*
13:40 – 15:00	**EDIH Cyber4All**	Dual-use technologies in biotechnology and AI — export controls, dual-use regulation, and practical compliance for startups.	*Live*
15:00 – 15:45	**ATMP-XB partners (TBC)**	ATMP-XB Interreg project — QA/QC competence centre, cross-border collaboration, and implications for safer, scalable ATMP production.	*Online*
15:45 – 16:00	**All**	Break and informal networking.	—
16:00 – 16:45	**Speaker TBC**	Session to be confirmed.	*Online*

Time (CET)	Speaker / Organisation	Topic	Format
16:45 – 17:30	**Nerea Blanqué, Alira Health (TBC)**	Reimbursement systems and the EU Biotech Act — most-favoured-nation policy, impact on EU countries, and current state of EU biotech legislation.	*Online*
17:30 – 17:40	**PRECISEU coordination**	Daily wrap-up.	*Live*

7 June 2026 — Funding · Spinoff Readiness · ESG & Dual-Use

Time (CET)	Speaker / Organisation	Topic	Format
14:00 – 14:10	**PRECISEU coordination**	Welcome & recap — link between the ATMP / EMA day and today's funding & implementation focus.	*Online*
14:10 – 14:50	**Horizon Europe**	Horizon Europe & Digital Europe funding for health innovation — positioning PM solutions in HE, Digital Europe, EIC Accelerator, and collaborative R&I calls (Part 1).	*Live*
14:50 – 15:30	**Horizon Europe**	Horizon Europe & Digital Europe funding for health innovation (Part 2) — call-specific deep dive and Q&A.	*Live*
15:30 – 15:40	**All**	Break.	—
15:40 – 16:15	**Investment workshop**	Investment readiness for health and biotech spinoffs — pitch preparation, market validation, and financial modelling basics.	*Live*
16:15 – 16:45	**EHI / Antonia Staykova**	Critical Infrastructure in Health.	*Live*
16:45 – 17:00	**GATE Institute / VELES**	Digital Health Data Cross-Regional Polygon.	*Live*
17:00 – 18:00	**PRECISEU coordination**	Daily wrap-up and synthesis of key messages for innovators and regional authorities.	*Live*

8 June 2026 — TEF-Health · AI Factory · Digital Twins · ATMP Tools

Time (CET)	Speaker / Organisation	Topic	Format
14:00 – 14:10	**PRECISEU coordination**	Welcome & recap — connecting funding / spinoff day to infrastructure, testing, and data-intensive PM implementation.	*Live*
14:10 – 14:35	**TEF-Health**	Testing and Experimentation Facility providers — what TEF-Health offers and how to access European testing facilities.	*Per Lek / Online*
14:35 – 15:20	**Health & Life Sciences Cluster (HLSC)**	BioRed Lab — overview and lab demonstrations (Part 1).	*Live*
15:20 – 15:30	**All**	Short break.	—
15:30 – 16:00	**Health & Life Sciences Cluster (HLSC)**	BioRed Lab — overview and lab demonstrations (Part 2).	*Live*

Time (CET)	Speaker / Organisation	Topic	Format
16:00 – 16:25	**BRAIN++**	Bulgarian AI Factory BRAIN++ and Discoverer++ supercomputer — using AI Factories and national compute infrastructure for PM and health-data projects.	*Live*
16:25 – 16:55	**Sabato Mellone (University of Bologna / Fondazione DARE) · Marco Viceconti (UNIBO)**	Virtual human physiology and digital twins in healthcare — modelling approaches and integration into clinical decision-making.	*Online*
16:55 – 17:20	**AstraZeneca (TBC)**	Financial models for molecular biomarkers based on regional NHS strategies — value-based PM and reimbursement logic.	*Online*
17:20 – 17:45	**EATRIS — David Morrow**	"Advancing Personalised Medicine: Mapping Europe's Readiness for ATMP Delivery and Development."	*Live*
17:45 – 18:00	**PRECISEU coordination**	Daily wrap-up and synthesis of key messages for innovators and regional authorities.	*Live*

9 June 2026 — IPR · Tech Transfer · Skills · CGT & Genomics

Time (CET)	Speaker / Organisation	Topic	Format
12:00 – 12:10	**PRECISEU coordination**	Welcome & recap of the week; framing of IPR, tech transfer, and skills as enablers for PM implementation.	*Live*
12:10 – 13:00	**Sebastian Asprella, Programme Lead, EU Competitiveness, Regulatory Science and Innovation, European Medicines Agency**	EMA session (Part 1).	*Live*
13:00 – 13:20	**All**	Coffee break.	—
13:20 – 14:10	**Sebastian Asprella, EMA**	EMA session (Part 2).	*Live*
14:10 – 14:40	**PerfeTTO Network**	PerfeTTO life sciences TTO network — national TT ecosystem, shared best practices, and upcoming AI-enabled TT platform.	*Online*
14:40 – 15:10	**Patent Office of the Republic of Bulgaria**	Specific IPR issues in health data, ATMP, and –omics testing projects.	*Online*
15:10 – 15:35	**Prof. Radka Kaneva (TBC)**	1 Million Genomes Initiative.	*Live*
15:35 – 15:45	**All**	Break.	—
15:45 – 16:20	**Ioanna Tsea · Claire Naissett (EIT Health)**	Future Skills for Personalised Medicine — skills gaps, the Large Scale Skills Partnership on Healthcare Industry, and training opportunities.	*Online*
16:20 – 16:50	**Dr. Antoine Heron (Merck)**	Current challenges that limit access to gene therapies, and how Merck is tackling them to make these cures more accessible to patients.	*Online*

Time (CET)	Speaker / Organisation	Topic	Format
16:50 – 17:20	**Prof. Bogdan Tamba**	ROGEN genomic research strategic project in Romania — infrastructure, challenges, and integration into PM pathways.	*Live*
17:20 – 17:30	**PRECISEU coordination**	Final wrap-up of PRECISEU PM School: key takeaways, next steps, and announcement of future editions.	*Live*

Policy Round Table on Health Innovation

10 June 2026 · Sofia Municipality — Grand Hall

A high-level policy dialogue hosted by Sofia Municipality, bringing together EU regulators, national health authorities, and innovation ecosystem leaders on the day preceding the Spinoff Conference. The European Medicines Agency (EMA) delegation will be physically present in Sofia on 9 – 11 June — a rare opportunity for direct dialogue between European regulatory bodies and national policy and health institutions.

Agenda Topics

- Personalised Medicine — from EU policy to national implementation
- European Health Data Space (EHDS) — local and national readiness
- EU Biotech Act — competitiveness and the Bulgarian opportunity
- Innovative public procurement in healthcare and deep technology
- Sofia as a European innovation hub for deep tech and personalised medicine

Key participants: EMA delegation, Ministry of Health, Ministry of Innovation and Growth, Bulgarian Medicines Agency (IAL), Sofia Municipality, PRECISEU consortium (26 EU partners), AI Cluster Bulgaria, Fund of Funds.

Format: By invitation · limited capacity (40 participants) · 10:00 – 14:00.

Invitation request: *kristina.eskenazi@biocluster.bg*

Partners of the Spinoff Initiative

The Spinoff Initiative was launched in 2022 by its founding organisations — Health & Life Sciences Cluster Bulgaria, AI Cluster Bulgaria, Venrize – Spinoff Factory, and ISTEB — and has since grown into a broad, multi-stakeholder ecosystem connecting Bulgaria's deep-tech and research-based innovation community with leading European networks.

National Institutions

Ministry of Innovation and Growth · Ministry of Education and Science · Ministry of Electronic Governance · Bulgarian Small and Medium Enterprises Promotion Agency (BSMEPA) · InvestBulgaria Agency · Fund of Funds · Patent Office of the Republic of Bulgaria · KRIB — Confederation of Employers and Industrialists in Bulgaria.

Regional Authorities & Innovation Actors

Sofia Municipality · Invest Sofia / Innovative Sofia · Burgas Municipality.

Clusters & Innovation Organisations

CleanTech Bulgaria · BioHub Group · Cluster of Microelectronics and Industrial Electronics Systems (CMIES) · MEDIC-NEST Meta-Cluster in Precision Medicine · Emerging Technologies Integration Cluster · Veritas Consulting Cluster · ICT Cluster Burgas · Bulgarian Furniture Cluster · Clustero · Biotechnology Business Institute · European Cluster Collaboration Platform.

Digital Innovation Hubs

EDIH Trakia (Cyber4All) · Construction Hub Bulgaria.
